

Healthcare Lighting Solutions from Alva® Lighting

EVA is available in various sizes. All units have a fully sealed lamp shade to ensure easy maintenance.

#### Priscilla

The Anti-Microbial powder coating included in our standard finishes prevents the spread of dangerous micro-organisms and suppresses the growth of mold and bacteria.

# Completely Sealed, Easy to Clean

Our Eva, Priscilla, Lidea, and Slim shades are completely sealed and constructed from our proprietary vandal resistant resin that can be wiped or sprayed down daily with disinfectants or diluted bleach. Additionally, all our shades are ADA compliant, making them ideal for both hallways and interior rooms.

#### Eva-46

Our environmentally friendly, translucent resin has excellent impact strength/chemical resistance. Easily clean all our shades using standard cleaning agents including diluted bleach.

**S** 

Alva's translucent resin has embedded fibers creating a warm welcoming environment to enhance the healing process.

### Slim

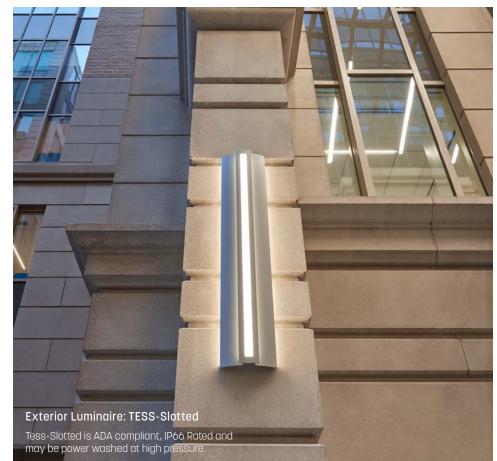

Alva's sealed shades are completely smooth. Unlike competitor brands, there is no lip where debris can accumulate; this ensures no dust, debris or insects can get inside.

# Lidea

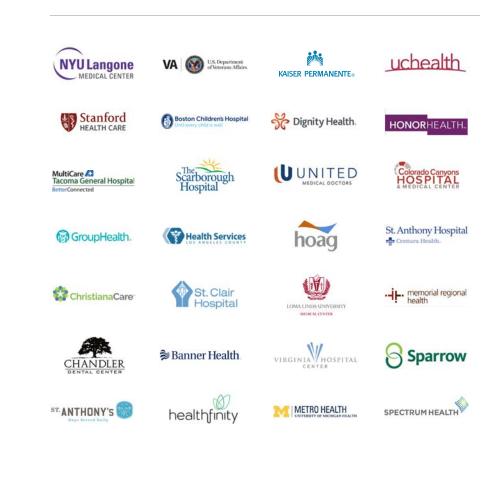

Our decorative luminaries are ideal for commercial spaces requiring robust, virtually indestructible, zero-maintenance wall sconces.
